SKILLS

Technical - HTML, JavaScript, React.js, Node.js, Express.js, MongoDB, Tailwind CSS
Non-Technical - Teamwork, Time Management, Critical Thinking, Self-Motivation

PROJECTS

- TripKart – Travel Booking Platform**
 - Developed a comprehensive travel booking platform achieving a seamless user experience across multiple transport categories by integrating real-time data APIs and responsive React components.
- Restaurant Website**
 - Engineered a dynamic restaurant platform that streamlined menu management for the client by building a custom MERN-stack admin dashboard for real-time dish updates.
- E-commerce Website**
 - Constructed a full-scale e-commerce solution ensuring secure user transactions and data integrity through the implementation of MERN stack architecture and protected RESTful APIs.
- Packers & Movers Website**
 - Designed an inquiry-driven relocation service site that improved user conversion rates by creating organized service navigation and a simplified digital inquiry system.
- Yuva Savera Website**
 - Authored a youth empowerment web platform maximizing content accessibility across all mobile devices by utilizing mobile-first design principles and clean UI architecture.
